## OUR GUIDE FOR QUALITY COLLABORATION BETWEEN TEACHER, LIBRARIAN AND CONTENT SPECIFIC NONFICTION

Description: Dr Aronson believes “that a NF book is not just an illustrated text about a person or subject, it is also the result of a research and writing journey that can be a model for young people.” His mission is to inspire young people to ask questions, to look around, behind, and inside of the stories the world tells us - whether that means being a detective, examining the clues history has left behind, or a reporter, telling the truth about the modern world. In this session, Dr. Aronson will guide teacher and librarian in collaboration using subject content and the research process. This session is only the beginning of the collaboration.
